

Shane Hunt

KEY QUALIFICATIONS

Shane Hunt is Professor Emeritus of Economics at Boston University. He has worked on Peruvian economic problems ever since his first visit to the country in 1963, and has published on Peru in areas such as public finance, on industrial, trade, and labor policy and on economic history and statistics. He was Visiting Professor at the Banco Central de Reserva in 1969 and the Universidad del Pacifico in 1989. From 1993 to 1995 he was Chief of Party of the PAPI Project (USAID/ BIDE). In recent years he has served as a consultant for the International Development Research Centre (Canada), which is supporting a consortium of economic and social research centers in Peru and has continued to work in the area of education and health economics.
